MASK 2

MASK 3

MASK 4

DESIGN SPACE

Upload the SVG as Basic Cut.

Four-mask design: 150 x 161.2 mm.

Each individual mask: 30 x 161.2 mm.

Keep the cut paths attached in place.

No printed sensor marks needed.

PRINTED SWATCH SHEETS

Print the two sheets at Actual Size.

Align windows over one color column.

Skip the last hole for 17-color groups.

Protect the page under the marker ink.

Do a scrap cut and alignment test first.

Material and blade depend on your machine.

Cut openings match the swatches; the mask material extends 2 mm beyond them. Enlarged openings would expose unprotected paper.
